REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 1: PROPOSAL PROCEDURES

PART 1: REQUEST FOR PROPOSALS PROCEDURES

References:

References to the Act are to the Public Procurement and Disposal of Public Assets Act [Chapter 22:23] and references to the regulations are to the Public Procurement and Disposal of Public Assets (General) Regulations, 2018 (Statutory Instrument No. 5 of 2018). The terms and requirements in the Act and Regulations govern the submission of Proposals and should be read by all Consultants.

Preparation of Proposals:

Only consultants registered with the Procurement Regulatory Authority of Zimbabwe in terms of section 4 of the Regulations are eligible to participate.

You are requested to submit a Proposal to provide the consulting services detailed in the Statement of Requirements by submitting separate technical and financial proposals, as detailed below. The standard forms contained within this Request for Proposals may be retyped for completion but the Consultant is responsible for their accurate reproduction.

You are advised to read carefully the complete Request for Proposals document, including the Special Conditions of Contract in Part 3, as well as the Contract Agreement and the General Conditions of Contract for Consultancy Services (available on the Authority's website or on request), before preparing your proposal. Part 3: Contract Agreement is provided not for completion at this stage but to enable Consultants to note the Contract terms they will enter into if their bid is successful.

Number of bids allowed

No Consultant may submit more than one bid, either individually or as a joint venture partner in another bid, except as a subcontractor. A conflict of interest will be deemed to arise if bids are received from more than one Consultancy owned, directly or indirectly, by the same person.

Procurement Reference Number: AFC10/2026

THE FOLLOWING MANDATORY DOCUMENTS ARE REQUIRED:

1. Copy of CR14 or CR6 (List of Directors)
2. Copy of Certificate of Incorporation
3. Copy of Current tax clearance
4. Copy of Company profile
5. CVs of key staff
6. Copy of Valid NSSA Compliance Certificate
7. A brief methodology for performing the services
8. A workplan, showing the inputs of all key staff
9. A summary of your experience in similar assignments, together with the names and contact details of persons connected with these assignments who will provide references
10. Your bid validity should be at least **90 days** after close of this tender
11. You must attach Reference letters **minimum of three (3)** customers where you have successfully provided AI training with traceable contacts in the last three (3) years one should be from a financial sector.
12. You must attach bid security of **US\$600.00** or equivalent
13. You must state delivery period Delivery. The successful bidder with the shortest lead time will be awarded the tender.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 1: PROPOSAL PROCEDURES

14. All contracts above US\$10,000.00 are subject to contract administration fee of up to 2% depending on the contract value. The amount is payable to PRAZ before contract signing.

NB: THESE DOCUMENTS ARE MANDATORY; THEY ARE USED AS PARAMETERS FOR EVALUATION OF WHICH FAILURE TO AVAIL THEM WILL LEAD TO DISQUALIFICATION.

Preparation of Financial Proposals:

Financial proposals should contain the following documents and information:

1. the Financial Proposal Submission Sheet in this Part;
2. the Breakdown of Contract Price form in this Part, showing all costs for the assignment, broken down into fees and reimbursable costs;

Basis of Pricing and Payment:

The contract will be a lump sum. Payments will be made on the following basis:

The contract price must be a fixed total lump sum, including all costs required to carry out the Services. The Breakdown of Contract Price may be used only for evaluation purposes and to determine the price for any additional services agreed.

Clarification of the bidding document may be requested in writing by any Bidder in less than three (3) days before closing date and should be sent to: -

Submission of Bids

Date of deadline:	10 July 2026 ^	Deadline Time: 1100hrs ^	
Submission address:	The tender must be submitted online through Electronic Government Procurement System (eGP) which is accessed on https://egp.praz.org.zw on or before the closing date and time		
Means of acceptance:	The tender must be submitted online through Electronic Government Procurement System (eGP) which is accessed on https://egp.praz.org.zw on or before the closing date and time		

Bid opening

Bids will be opened electronically after the closing date and time

Bid Security

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE No: AFC10/2026

PART 1: PROPOSAL PROCEDURES

The tender must be accompanied by a bid Bond or bid Security that shall be valid for a period of 90 days after tender closing date (bidding period) plus an additional 28 days, in line with Section 26 of the Procurement Regulations (S.I 5 of 2018)

Bidders are free to choose the form of Bid Security that they would want to submit from any one of the following options below:

Option 1..... A certified Bank Cheque of **US\$600.00** or equivalent in the name of AFC Commercial Bank

Option 2..... A Bank Guarantee of **US\$600.00** or equivalent in the name of AFC Commercial Bank

Option 3..... A Cash Deposit to the Authority (PRAZ) (Please submit your Banking details to PRAZ and also insert them in your bid document)

If Option 3 is chosen bidders **must** pay **US\$600.00** or equivalent for the Bid Security that shall be Refundable at the end of the Bidding period plus another **US\$200.00** or equivalent that shall be non-refundable for cash bid bond establishment fee in line with Part V of the Public Procurement and Disposal of Public Assets (General) (Amendment) Regulations, 2022 (No. 4)

Any Bid not accompanied by a Bid Security and Bid Securing Declaration, where this is a requirement of bidding, will be rejected by the Procuring Entity as non-responsive.

The Bid Security and Bid- Securing Declaration of a Joint Venture (JV) must be in the name of the JV that submits the Bid. If the JV has not been legally constituted at the time of bidding, the Bid Security and Bid-Securing Declaration must be in the names of all intended partners.

Validity of Proposals:

The minimum period for which the Consultant's proposal must remain valid is **90 days** from the deadline for submission of proposals.

Submission of Proposals:

Proposals should be submitted to <https://egp.praz.org.zw/egp> no later than the date and time of the deadline below. Late proposals will be rejected. The Procuring Entity reserves the right to extend the proposal submission deadline but will notify all consultants invited to submit proposals of the amended proposal submission deadline

Means of acceptance:

<https://egp.praz.org.zw/>

Opening of Proposals:

Opening of bids will be done electronically on <https://egp.praz.org.zw/egp>

Withdrawal, amendment or modification of Proposals:

A Consultant may withdraw, substitute, or modify its Proposals after it has been submitted by sending a written notice, duly signed by an authorized representative. However, no Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Consultant or any extension thereof.

Evaluation of Proposals:

The evaluation of proposals will use the Quality and Cost based evaluation methodology as detailed below:

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 1: PROPOSAL PROCEDURES

1. Preliminary examination to confirm that all documents required have been provided, to confirm the eligibility of consultants and to confirm that the Consultant has accepted all terms and conditions without material deviation or reservation;
2. Technical evaluation to assess the technical quality of proposals against the criteria below, to determine the technical score for each proposal and to determine which proposals reach the minimum technical score given below; and
3. Financial evaluation to determine the financial score of each proposal, to weight the technical and financial scores and to determine the total score of each proposal.

Proposals failing any stage will be eliminated and not considered in subsequent stages.

Technical Evaluation Criteria:

Proposals will be awarded scores out of the maximum number of points indicated below for each of the following criteria:

Technical Evaluation:

Criteria	Description of the Minimum Requirements (Summarized)	Scoring Breakdown
1. Experience of the Firm	Demonstrated experience in delivering Artificial Intelligence training, digital transformation, and cybersecurity programmes, particularly for banking, financial institutions, or regulated/public sector environments. Must show recent delivery of corporate AI training, as well as experience in AI adoption, automation, and cyber risk awareness programmes.	10 points per reference +5 banking experience +5 cybersecurity experience +5 public sector experience
2. Methodology	A structured and comprehensive training methodology covering AI, digital transformation, and cybersecurity, including clearly defined training scope, programme structure, schedules, and blended delivery methods (classroom, workshops, online). Must include integration of cybersecurity awareness, use of digital learning platforms for continuous learning, and clear deliverables, timelines, and implementation approach.	General = 5 pts Detailed = 10 pts
3. Team Leader (Educational Background & Experience)	A qualified team leader with proven experience in AI, cybersecurity, or digital transformation within banking or financial environments, including leadership of similar programmes. Must have a relevant academic qualification (AI, Data Science, ICT, or Cybersecurity), supported by professional certifications, and demonstrate regional or international exposure in training or advisory engagements.	Experience = 10 Leadership = 10 Master's = 10 (Degree = 6) Certification = 10 International = 5
4. Post-Training Support & Assessment	A clear and practical post-training support plan including an AI adoption roadmap, cybersecurity awareness reinforcement, digital transformation maturity assessment, and a continuous learning strategy. Must provide actionable recommendations to strengthen AI governance, operational performance, and cyber resilience.	10 pts
5. Documentation	Evidence of being a registered and accredited training provider in AI, cybersecurity, or digital	10 pts

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 1: PROPOSAL PROCEDURES

& Registration for such Services	transformation, with full compliance to statutory and regulatory requirements. Must provide proof of certification, accreditation, and professional recognition relevant to training and consultancy services.	
TOTAL		100 Points (80% Weight)

Passmark 70%, any service provider who fails to score 70% will be disqualified
Award of this tender will be based on highest number of scores obtained by the bidder

Financial Evaluation Criteria:

Financial Criteria:

The Financial Proposal will carry a 20% weight of the total score. In the Financial Proposal evaluation percentages of the maximum available (i.e. of the 20 points) will be allocated as follows:

- ☐ Lowest priced proposal 100% (of the available 20 points). "Price" being the total of fees (fixed cost and success fee) plus reimbursable expenses.
- ☐ All other proposals will be awarded points in accordance with the formula: $20 \times \text{lowest price of all proposals received} / \text{price of proposal being evaluated}$

Total scores will be determined using a weighting of 80% for technical proposals and a weighting of 20% for financial proposals."

Review by the Special Procurement Oversight Committee

Section 54 of the Act provides for review by the Special Procurement Oversight Committee for certain especially sensitive or especially valuable contracts. This tender is not subject for review by the Special Procurement Oversight Committee

Currency:

Proposals must be priced in United States Dollars payable in United States Dollars into a Nostro account

Recommendation for Award:

The proposal with the highest total score will be recommended for award of contract, subject to any negotiations required.

Award of contract:

Award of contract will be by placement of a contract in accordance with Part 3 of this Request For Proposals. The proposed award of contract will be by issue of a Notification of Contract Award in terms of section 55 of the Act which will be effective until signature of the contract documents in accordance with Part 3: Contract. Unsuccessful Consultants will receive the Notification of Contract Award and, if they consider they have suffered prejudice from the process, they may, within 14 days of receiving this Notification, submit to the Procuring Entity a Challenge in terms of section 73 of the Act, subject to payment of the applicable fee set out in section 44 of and the Third Schedule to the Regulations.

The contract will only be valid subject to payment of annual contract administration fees in line with Part V of the Fifth Schedule to the Regulations.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 1: PROPOSAL PROCEDURES

Right to Reject:

The Procuring Entity reserves the right to accept or reject any proposal or to cancel the procurement process and reject all proposals at any time prior to contract award.

Corrupt Practices:

The Government of Zimbabwe requires that Procuring Entities, as well as Consultants, observe the highest standard of ethics during the procurement and execution of contracts. In pursuit of this policy:

1. the Procuring Entity will reject a recommendation for award if it determines that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the Contract or been declared ineligible to be awarded a procurement contract under section 99 of the Act; a definition of these terms is found in clause 1.9 of the GCC;
2. the Authority may under Section 72 (6) of the Act impose the debarment sanctions under section 74(1) of the Regulations;
3. in accordance with section 42 of the Regulations, submission of a bid will be deemed to be an undertaking on behalf of the Consultant to accept the responsibilities described in clause 1.1 of the GCC; and
4. Any conflict of interest on the part of the Consultant must be declared.

Declaration by the Accounting Officer

I declare that the procurement is based on neutral and fair technical requirements and the Consultant's qualifications

PROCUREMENT REFERENCE No: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

PART 2: STATEMENT OF REQUIREMENTS

TERMS OF REFERENCE: ARTIFICIAL INTELLIGENCE TRAINING, DIGITAL TRANSFORMATION CAPABILITY DEVELOPMENT AND CONTINUOUS LEARNING PLATFORM

1. INTRODUCTION

- 1.1. AFC is undertaking a strategic initiative aimed at strengthening its digital capabilities, modernising banking processes, and preparing the organisation for the adoption and integration of Artificial Intelligence and other advanced digital technologies within its operations.
- 1.2. As part of its broader institutional modernisation agenda, AFC is currently implementing a process implementation and automation programme designed to improve operational efficiency, enhance coordination and governance structures, and digitise key banking processes across the organisation.
- 1.3. This transformation programme represents a significant step toward building a modern digital banking environment that leverages AI, data-driven decision-making, and automated workflows to improve service delivery, operational efficiency, and institutional performance.
- 1.4. In support of these initiatives, AFC seeks to build institutional capacity across all departments of the bank in order to support:
 - 1.4.1. The adoption and responsible use of AI technologies
 - 1.4.2. The digital transformation of banking processes and operational workflows.
 - 1.4.3. The implementation of business process digitalisation and automation.
 - 1.4.4. The strengthening of operational governance structures required for AI-powered digital banking environments.
 - 1.4.5. AFC therefore invites qualified training institutions and technology training providers to submit proposals for the design, development, and delivery of the AFC Artificial Intelligence and Digital Banking Transformation Programme.
- 1.5. The programme will include the design and delivery of structured training programmes, the development of customised training materials, the provision of a digital learning platform, and the establishment of a continuous learning environment

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

that will enable AFC staff to build and sustain capabilities in AI and digital transformation.

2. TRAINING PROGRAMME PURPOSE

2.1. This programme represents a comprehensive institutional capability development initiative designed to support the adoption and integration AI and digital technologies within AFC.

2.2. The programme shall consist of an integrated capability development initiative that includes the following components:

2.2.1. AI training tailored for banking professionals and financial institutions

2.2.2. Digital transformation training focused on modern banking operations and digital service delivery.

2.2.3. The development of customised AFC training materials aligned with the bank's operational procedures and governance frameworks.

2.2.4. The deployment and implementation of a digital training platform capable of supporting continuous learning and monitoring of staff training progress.

2.2.5. Continuous learning capability that will allow AFC staff to access learning resources over a twelve (12) month period.

2.2.6. Knowledge transfer and internal capability development to ensure long-term sustainability of Artificial Intelligence and digital transformation skills within AFC.

3. PROGRAMME OBJECTIVES

3.1. Strengthen AFC's organisational capability to operate effectively in a digital and AI enabled banking environment.

3.2. Equip AFC staff with the knowledge, skills, and understanding necessary to participate in the transformation of the bank toward more digitally enabled and data-driven operations.

3.3. Build AI literacy and awareness across AFC departments and operational units.

3.4. Prepare AFC staff for digital transformation initiatives and automated banking processes that will be implemented as part of the bank's operational modernisation programme.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 3.5. Strengthen governance structures and coordination mechanisms required to manage digital and Artificial Intelligence-enabled banking operations.
- 3.6. Equip management and technical teams with the knowledge and capability required to evaluate, design, and manage AI solutions in banking environments.
- 3.7. Establish a sustainable and structured continuous learning environment that will enable AFC staff to continuously build digital and Artificial Intelligence capabilities.

4. SCOPE OF WORK

- 4.1. The successful bidder shall be responsible for the design, development, and delivery of a comprehensive Artificial Intelligence and Digital Transformation training programme that is specifically tailored to the operational environment of AFC.
- 4.2. The programme must address the needs of staff across multiple departments and functions of the bank, including management, technical staff, operational personnel, and general staff.
- 4.3. **Artificial Intelligence Training-** The bidder shall provide structured training covering AI concepts and applications relevant to banking and financial services institutions.
 - 4.3.1. The training programme shall ensure that AFC staff gain both conceptual understanding and practical awareness of Artificial Intelligence technologies
 - 4.3.2. Artificial Intelligence fundamentals
 - 4.3.3. Machine learning concepts
 - 4.3.4. Data analytics for Artificial Intelligence systems
 - 4.3.5. Artificial Intelligence applications in banking operations
 - 4.3.6. Generative AI and agentic AI
 - 4.3.7. Artificial Intelligence governance, ethics, and compliance
 - 4.3.8. Artificial Intelligence strategy and implementation in financial institutions
- 4.4. **Digital Transformation Training -** The bidder shall deliver structured training programmes covering digital transformation within financial institutions and the banking sector.
 - 4.4.1. This training component shall ensure that AFC staff understand the strategic, operational, and governance aspects of digital transformation.
 - 4.4.2. Digital transformation strategies for banks

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

4.4.3. Digital business models and operating models for financial institutions

4.4.4. Digital governance frameworks

4.4.5. Change management in digital transformation

4.4.6. Integration of digital technologies into banking operations

4.5. Business Process Digitalisation and Automation

4.5.1. The training programme must directly support AFC's process implementation and automation programme.

4.5.2. Prepare staff to operate within digitally transformed operational environments.

4.5.3. Business process mapping and optimisation

4.5.4. Workflow automation

4.5.5. Robotic Process Automation

4.5.6. Artificial Intelligence-enabled operational processes

4.5.7. Digital operational governance

5. TRAINING PROGRAMME DESIGN

5.1. **Design differentiated training programmes tailored to the various levels of responsibility and operational roles within the bank.**

5.1.1. The training shall be structured to accommodate the AFC operational including the organisational structure of the bank and staff operational schedules of staff.

5.1.2. The bidder shall take into consideration that AFC operates branches distributed throughout the country, and therefore training delivery must be structured in a way that ensures equitable access for staff located at head office as well as branch locations.

5.1.3. The training programme shall consider branch operational schedules, including branch opening and closing times, in order to ensure that staff are able to participate in training without negatively affecting customer service or operational performance.

5.1.4. The bidder shall align the training programme with existing AFC training programmes and training facilities, including the use of AFC training infrastructure where appropriate.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

5.1.5. The training programme shall also integrate and build upon existing AFC training materials relating to banking products, services, and systems, ensuring that Artificial Intelligence and digital transformation training is aligned with the operational realities of the bank.

5.1.6. The training programme shall include the development and delivery of technical AI certification pathways, enabling selected AFC staff to obtain recognised certifications in Artificial Intelligence and related technologies.

5.1.7. The certification component shall include structured learning modules, assessment mechanisms, and formal certification processes designed to build technical expertise within the bank.

5.2. AFC Operational Readiness Assessment

5.2.1. Prior to the full rollout of the training programme, the successful bidder shall conduct an AFC Training Readiness Assessment.

5.2.2. The purpose of the assessment shall be to ensure that the training programme is fully aligned with the operational environment of the bank and supports AFC's digital transformation and process automation initiatives.

5.2.3. The organisational structure of AFC and the functional responsibilities of departments.

5.2.4. The distribution of branches and operational locations across the country.

5.2.5. Branch operating hours, customer service hours, and operational schedules.

5.2.6. Existing AFC training programmes and training facilities.

5.2.7. Existing AFC training materials relating to banking products, services, and systems.

5.2.8. Existing digital systems and operational processes within the bank.

5.3. AI Use Case Development Workshops for AFC Departments

5.3.1. The training programme shall include AI Use Case Development Workshops for AFC Departments.

5.3.2. The purpose of these workshops shall be to move beyond general awareness and training, and to enable AFC departments to identify, analyse, prioritise, and document practical AI use cases relevant to their specific functions and operational responsibilities.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 5.3.3. The workshops shall be designed to ensure that each major department or functional unit of AFC is supported to explore how AI, digital tools, and process automation can improve efficiency, decision-making, customer service, compliance, risk management, and operational performance.
- 5.3.4. Assessment of data requirements and system readiness for potential AI applications.
- 5.3.5. Development of draft departmental AI use cases aligned with AFC strategic and operational priorities.
- 5.3.6. Prioritisation of use cases based on feasibility, business value, risk, and implementation readiness.
- 5.3.7. A documented list of departmental AI use cases.
- 5.3.8. Use case summaries describing the business problem, proposed AI or digital solution, expected benefits, and implementation considerations.
- 5.3.9. The outputs from the workshops shall be incorporated into the overall programme deliverables and may be used by AFC to support future Artificial Intelligence strategy, solution design, and digital transformation planning.

5.4. TRAINING TRACKS - The programme shall include the following training tracks.

- 5.4.1. **Executive Leadership Training** - The executive leadership training track is executive leadership responsible for strategic decision-making within the bank. The training shall include:
 - 5.4.1.1. Artificial Intelligence strategy and adoption in banking.
 - 5.4.1.2. Digital transformation leadership and organisational change management.
 - 5.4.1.3. Governance and policy considerations for Artificial Intelligence adoption.
 - 5.4.1.4. Strategic oversight of Artificial Intelligence investments and digital transformation initiatives.
- 5.4.2. **Management Training** - The management training track shall be designed for departmental professionals, managers and business unit leaders responsible for implementing operational strategies and managing teams. The training shall include:

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 5.4.2.1. Artificial Intelligence adoption within business units.
- 5.4.2.2. Digital transformation implementation strategies.
- 5.4.2.3. Process automation oversight and management.
- 5.4.2.4. Operational coordination and governance for digital banking environments.
- 5.4.3. **Technical and Operations Staff Training** - The technical and operations training track shall focus on staff responsible for operational processes, systems management, and technical support functions within the bank. The training shall include:
 - 5.4.3.1. Artificial Intelligence tools and systems.
 - 5.4.3.2. Data analytics for banking operations.
 - 5.4.3.3. Digital banking processes and operational technologies.
 - 5.4.3.4. Practical exposure to AI systems used in financial institutions.
 - 5.4.3.5. 5.2.3.5 Technical AI certification pathways for selected staff members.
- 5.4.4. **General Staff Training** - The general staff training track shall be designed to ensure that all employees across the bank have a foundational understanding of Artificial Intelligence and digital transformation in the banking environment. The training shall include:
 - 5.4.4.1. Artificial Intelligence literacy.
 - 5.4.4.2. Digital banking awareness.
 - 5.4.4.3. Operational transformation in banking.
 - 5.4.4.4. Awareness of how Artificial Intelligence will impact daily banking operations, customer service delivery, and internal processes.
- 5.4.5. **AI Technical Certification** - The Artificial Intelligence Technical Certification track shall be designed for selected AFC staff who require deeper technical competence in Artificial Intelligence and related technologies.
 - 5.4.5.1. The certification programme shall be aimed at building a cadre of technically capable AFC personnel able to support Artificial Intelligence adoption, engage with solution providers, participate in solution design, and contribute to future internal digital and AI initiatives.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 5.4.5.2. Structured technical learning pathways in Artificial Intelligence and related technologies.
- 5.4.5.3. Formal assessment mechanisms, including practical and theoretical components where appropriate.
- 5.4.5.4. Recognised certification aligned with industry standards or accredited certification frameworks.
- 5.4.5.5. Training in technical areas such as AI systems, machine learning fundamentals, data readiness, use case evaluation, and technology.
- 5.4.5.6. The certification pathway proposed.
- 5.4.5.7. The certification body or accrediting institution.
- 5.4.5.8. The prerequisites, duration, and assessment requirements of the certification

6. TRAINING DELIVERY MODEL

- 6.1. The training programme shall adopt a blended learning model designed to maximise participation and learning outcomes.
- 6.2. The delivery model shall include:
 - 6.2.1. Classroom-based training sessions
 - 6.2.2. Online training modules
 - 6.2.3. Self-paced learning modules
 - 6.2.4. Interactive workshops
- 6.3. Training must be **multi-modal in real time**, incorporating multiple methods of delivering learning content. The training must incorporate the following delivery formats:
 - 6.3.1. Text-based learning materials
 - 6.3.2. Video-based learning content
 - 6.3.3. Audio-based learning resources
 - 6.3.4. Interactive demonstrations and live digital sessions
- 6.4. Training must also be **multilingual** to support accessibility across staff members. The languages supported shall include:
 - 6.4.1. English
 - 6.4.2. Shona

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

6.4.3. Ndebele

6.5. The programme shall run for a period of **six (6) months**.

7. DIGITAL TRAINING PLATFORM

7.1. The bidder shall provide a digital training platform capable of supporting structured learning, continuous learning, and monitoring of training progress.

7.2. The platform must provide the following functionality:

7.2.1. Hosting of training content

7.2.2. Continuous online training access

7.2.3. Self-paced learning modules

7.2.4. Online examinations

7.2.5. Certification capability

7.2.6. Self-testing functionality

7.2.7. Supervisor monitoring of staff training progress

7.2.8. Learning analytics and reporting

7.3. The platform shall support multi-modal learning delivery, including text, video, audio and interactive digital learning content.

7.4. The bidder shall include the provision of flexible learning arrangements such as self-paced digital learning modules and scheduled training sessions.

7.5. The platform shall support multi-language training delivery, including English, Shona and Ndebele.

7.6. The platform shall allow real-time learning delivery and interactive sessions.

7.7. The platform must support continuous learning access for a period of six (6) months.

7.8. Upon completion of the programme, AFC shall have the option to take ownership of the training platform and continue using it for internal training purposes.

8. CUSTOM AFC TRAINING CONTENT

8.1. The successful bidder shall develop customised training materials specifically designed for the operational environment of AFC.

8.2. The training materials shall be aligned with AFC's operational procedures, policies, governance structures, and strategic priorities relating to digital transformation and Artificial Intelligence adoption.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 8.3. The bidder shall ensure that all training materials are adapted to the context of the banking sector and reflect practical operational scenarios relevant to financial institutions.
- 8.4. Training content shall be developed in consultation with AFC to ensure that it supports the bank's existing training programmes and operational frameworks.
- 8.5. Training content shall:
 - 8.5.1. Align with AFC banking operations, manuals and internal processes.
 - 8.5.2. Incorporate and build upon AFC's existing training programmes and training facilities where appropriate.
 - 8.5.3. Reflect AFC banking products and services, including customer service processes, internal operational workflows, and compliance procedures.
 - 8.5.4. Support AFC operational governance structures and internal coordination mechanisms required for digital banking operations.
 - 8.5.5. Training materials shall be compatible with the digital training platform to enable continuous access to learning resources by AFC staff.

9. DELIVERABLES

- 9.1. The successful bidder shall be responsible for delivering a comprehensive AI and Digital Transformation training programme that meets the objectives outlined in this Request for Proposal. The bidder shall provide the following deliverables as part of the programme.
- 9.2. Programme Design Deliverables
 - 9.2.1. A detailed AI and Digital Transformation training programme design.
 - 9.2.2. A structured curriculum covering AI, digital transformation, and business process digitalisation.
 - 9.2.3. Training course syllabi for all training tracks, including leadership, management, technical staff, and general staff.
- 9.3. Training Content Deliverables
 - 9.3.1. Custom AFC training materials aligned with AFC banking operations.
 - 9.3.2. Artificial Intelligence training modules.
 - 9.3.3. Digital transformation training modules.
 - 9.3.4. Training manuals, guides, and learning resources.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

9.3.5. Multi-modal training materials incorporating text, video and audio learning formats.

9.3.6. Multi-language training including Shona, English and Ndebele

9.4. Technology Deliverables

9.4.1. A digital training platform capable of supporting structured and continuous learning.

9.4.2. Online training modules hosted on the training platform.

9.4.3. Online examination and certification functionality.

9.4.4. Self-testing capability for AFC staff.

9.4.5. Supervisor dashboards enabling monitoring of staff training progress.

9.5. Programme Support Deliverables

9.5.1. Continuous online training access for a period of twelve (12) months.

9.5.2. AI Use Case Development Workshop outputs.

9.5.3. AI technical certification support for selected staff.

9.5.4. Training progress and performance reports.

9.5.5. End-of-programme evaluation report.

10. BIDDER REQUIREMENTS

10.1. Bidders responding to this Request for Proposal must demonstrate the technical, operational, and organisational capability required to successfully deliver the Artificial Intelligence and Digital Banking Transformation Programme.

10.2. The bidder must have at least three (3) years of experience delivering AI training, digital transformation training, or related technology capability development programmes.

10.3. The bidder must demonstrate experience in banking operations and banking processes.

10.4. The bidder must demonstrate familiarity with the operational structure of financial institutions and banking service delivery environments.

10.5. The bidder must have successfully delivered training programmes to at least three corporate organisations.

10.6. The bidder must provide the names and contact details of clients for reference purposes.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 10.7. The bidder must demonstrate that it has trained a minimum of 300 delegates across previous programmes.
- 10.8. The bidder must demonstrate experience relating to:
 - 10.8.1. Banking products and services.
 - 10.8.2. Branch banking operations.
 - 10.8.3. Banking operational processes and service delivery.
- 10.9. Accreditation Requirements
 - 10.9.1. The bidder must be an accredited and registered trainer recognised by the Government of Zimbabwe.
 - 10.9.2. Evidence of accreditation or professional recognition must be provided as part of the proposal.
- 10.10. Academic Quality Assurance
 - 10.10.1. The proposed training programme must include quality assurance from a recognised academic institution.
 - 10.10.2. The bidder shall provide details of the academic partner responsible for academic oversight of the training programme.

11. EVALUATION METHODOLOGY

- 11.1. AFC will evaluate all proposals received in response to this Request for Proposal in accordance with established procurement procedures.
- 11.2. The evaluation process will be conducted in two stages.
- 11.3. Stage One: Technical Evaluation - During this stage, AFC will assess the technical merits of each proposal, including the bidder's experience, training programme design, and proposed methodology.
- 11.4. Stage Two: Financial Evaluation - Only bidders who achieve the minimum technical score required will proceed to the financial evaluation stage.
- 11.5. The minimum technical qualification score required to proceed to financial evaluation shall be seventy percent (70%).
- 11.6. AFC reserves the right to request additional clarification or supporting documentation from bidders during the evaluation process.

12. INTELLECTUAL PROPERTY AND PLATFORM OWNERSHIP

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

- 12.1. All customised training materials, documentation, digital learning resources, course content, training manuals, instructional media, and other materials developed specifically for AFC under this programme shall remain in use at AFC under license.
- 12.2. Where the bidder provides a digital learning platform for the delivery of the training programme, AFC shall have the option, upon completion of the programme, to acquire, retain, or continue using the platform for internal training and institutional capacity development purposes.
- 12.3. The bidder shall clearly indicate in its proposal the terms and conditions governing the transfer, continued use, or licensing of the platform.
- 12.4. Where AFC elects to retain the platform, the bidder shall provide all necessary documentation, system access credentials, configuration information, and administrative rights required to enable AFC to operate the platform independently.
- 12.5. The bidder shall ensure that no third-party intellectual property restrictions prevent AFC from using the training materials or platform functionality for internal training purposes.

13. CONTRACT DURATION

- 13.1. The expected duration of the AFC Artificial Intelligence and Digital Banking Transformation Programme shall be six (6) months.
- 13.2. The twelve-month period shall include:
 - 13.2.1. Programme design and planning.
 - 13.2.2. Operational readiness assessment.
 - 13.2.3. Curriculum development and training material preparation.
 - 13.2.4. Deployment of the digital learning platform.
 - 13.2.5. Delivery of training sessions across departments.
 - 13.2.6. Continuous online learning and self-paced training.
 - 13.2.7. Monitoring and reporting on training progress.
 - 13.2.8. Programme evaluation and final reporting.
- 13.3. The bidder shall provide a detailed implementation schedule covering the full duration of the programme.
- 13.4. AFC reserves the right to extend the contract period where necessary in order to support continued learning or additional training requirements.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

14. TECHNICAL EVALUATION CRITERIA

- 14.1. Proposals will be evaluated against the following criteria.
- 14.2. Experience in AI and digital transformation training – 20%
- 14.3. Knowledge and experience in the banking sector – 20%
- 14.4. Quality and structure of the proposed training programme – 15%
- 14.5. Quality and relevance of proposed training content – 10%
- 14.6. Capability and functionality of the proposed training platform – 20%
- 14.7. Corporate training experience – 10%
- 14.8. Accreditation and professional recognition – 5%

15. SUBMISSION REQUIREMENTS

- 15.1. Bidders responding to this Request for Proposal shall submit both a Technical Proposal and a Financial Proposal.
- 15.2. The Technical Proposal shall include, at a minimum, the following information:
 - 15.2.1. Company profile and organisational background.
 - 15.2.2. Evidence of relevant experience in Artificial Intelligence training and digital transformation training.
 - 15.2.3. Description of experience working with banks or financial institutions.
 - 15.2.4. Details of corporate clients previously trained, including contact information for references.
 - 15.2.5. Proposed training methodology and programme structure.
 - 15.2.6. Details of the proposed digital training platform and its capabilities.
 - 15.2.7. Details of the proposed Artificial Intelligence certification pathway.
 - 15.2.8. Implementation plan and programme timeline.
 - 15.2.9. Description of the team that will deliver the programme.
- 15.3. The Financial Proposal shall clearly outline the total cost of delivering the programme, including:
 - 15.3.1. Training programme design costs.
 - 15.3.2. Training delivery costs.
 - 15.3.3. Digital training platform costs.

REQUEST FOR PROPOSALS – PROVISION OF ARTIFICIAL INTELLIGENCE TRAINING SERVICES

PROCUREMENT REFERENCE NO: AFC10/2026

PART 2: STATEMENT OF REQUIREMENTS

15.3.4. Certification programme costs.

15.3.5. Any additional costs associated with implementation of the programme.

B: Key Personnel

Kindly provided detailed CV's for the Team leader and at least 2 team members
