

BLESSING CHIMANGA

INFRASTRUCTURE SPECIALIST

SUMMARY

Blessing is a solid individual with an all around expertise in the ICT industry. He has demonstrated I.T. dexterity shown by his ability to attract blue chip employers such as Liquid Telecoms and the University of Zimbabwe. Blessing exhibits an amazing passion for what he does and like what goes with the I.T. fraternity, he believes in paying particular attention to detail. This has enabled him to be able to provide solutions related to Systems Administration, Security, Cloud Engineering and Enterprise I.T. Solutions. For any potential employer, Blessing is one person who is capable to influence a culture of performance amongst his colleagues.
